

ABOUT US

From our humble beginnings over 35 years ago, BIK Boom Trucks has continued to grow by standing on one great principle to "Provide quality products and service at an affordable price." With this philosophy as a back bone, BIK Boom Trucks has become a paramount player in the supply of truck mounted loaders. BIK Boom Trucks continues to specialize in providing Quality Boom Trucks for Foundation Contractors and General Construction. Models range from the FC-70 which handles 2,200lbs @ 70' to the FC-110 which handles 1,600lbs @ 110' horizontal. As technology continues to evolve, BIK will be there to continue to provide our customers with top quality Boom Trucks at a competitive price.

SUPPORT

BIK offers full support across our North American Network of BIK approved service facilities ready to take care of any of your service needs. Whether your company is located in Vermont or Alaska, BIK ensures your company the highest level of quality parts and service support. BIK contracts to over 130 service associates across the USA and over 40 service associates across Canada who can take care of your maintenance, service, and warranty repair needs... Do you have your own in-house technician and service department? BIK will provide training and warranty repair coverage along with our complimentary 24/7 crane tech phone support to all BIK clients.

At BIK we understand the negative cost of downtime. Our commitment is to get your equipment up and running by whatever means necessary. Just one more reason you should consider BIK as your "one stop shop" source for all of your boom truck needs.
