

ABOUT US

Family Owned & Operated Since 1990, BIK Boom Trucks has continued to grow and stands on one great principle to *"Provide quality products and service at an affordable price."* With this philosophy as a backbone, BIK has become a paramount supplier of truck-mounted boom unloaders. BIK continues to specialize in the Precast Concrete Industry with models ranging from our HL-40T (40ton/m) to the HL-210TJ (210ton/m). As new technology continues to evolve, BIK will be there to provide our customers with the same great service, knowledge, experience and quality care that has allowed us to come this far.

SUPPORT

BIK offers full support across our North American Network of BIK-approved service facilities, ready to take care of any of your parts and service needs. Whether your company is located in Vermont or Alaska, BIK ensures your company the highest level of quality support. With 130+ service associates across the USA and 40+ service associates across Canada, you can be rest assured that your maintenance, service, and warranty repair needs will be handled quickly and efficiently... Do you have your own in-house technician and service department? BIK will provide training and warranty repair coverage, along with our complimentary 24/7 crane tech phone support.

At BIK, we understand the negative cost of downtime. Our commitment is to get your equipment up and running by whatever means necessary. Just one more reason you should consider BIK as your "One Stop Shop" source for all of your knuckle boom truck needs.

BEST IN KNUCKLEBOOMS

Advantages of a BIK Heavy-Lift Truck
